

Accessibility Statement

Meir Efrat Group is committed to making its website accessible to the entire population, including people with disabilities. We strive to ensure a respectful, equitable, and inclusive browsing experience for all users.

This website has been designed and developed with the goal of complying with the requirements of the Israeli Standard (IS 5568) for web accessibility at level AA, and in accordance with the Web Content Accessibility Guidelines (WCAG) 2.1.

Accessibility Features on the Website

The following measures have been implemented to improve accessibility:

- Full keyboard navigation
- Screen reader compatibility
- Clear and hierarchical content structure
- Adjustable font sizes
- High color contrast for better readability
- Alternative text for images (alt)
- Proper use of heading tags

Browser and Assistive Technology Compatibility

The website has been tested for compatibility with popular browsers including Chrome, Firefox, Edge, and Safari, and supports the NVDA screen reader.

The website is also mobile-friendly and provides an optimal user experience across devices.

Disclaimer

Despite our best efforts to make all pages on the website accessible, some content may not yet be fully accessible. We are constantly working to improve the site's accessibility.

If you encounter any accessibility issues or have suggestions for improvement, we would be happy to hear from you.
